

Geography II

Name \_\_\_\_\_

Europe

Date \_\_\_\_\_

### Political Geography

Directions: Find specific statistics regarding the eight characteristics of a state for the European country you chose.

- Population – what is the population of your country?
- Economic activity -- What are major sources of income for the country? What are the import and export rates? What is their currency called?
- Literacy -- How many people are literate?
- Types of transportation – What are major airports, ports, train routes, water routes?
- Public services and police power – How many people are in the military? In the police force?
- External recognition -- Is the country a member of the United Nations? To what other international organizations does your country belong?
